Communications wording:

Good Morning/ Afternoon,

We are writing to provide an update on the progress of the pre-foundational support project for Kalgoorlie. We realise there has been a significant gap in communication since consultation and we are still in the process of finalising this project.

We appreciate the time provided to give insights into this piece of work and the development of this report.

One of the key messages we heard from these consultations was the need for action and commitment to create change within the Kalgoorlie community.

To keep you in the loop of the progress of this report, we wanted to share with you the following steps that have been committed to, these being:

- the final report is being finalised before the end of the year;
- a summary of the key findings of the report will be distributed early in the new year; and
- based on the outcome of the report DSS are working with the WA Government to work through the next steps.

Our part to this project at this stage has now been finalised. If you require information about this project please contact PIC on [s 47F](#) or DSS on StrongerPlaces.StrongerPeople@dss.gov.au

If you have any questions or comments please let me know by Monday,

Thanks very much and wishing you happy holidays.

Best,
